Cost per GB (Admin Only)	R 0.00
Topup Size	1 GB
Discount (Admin Only)	0 %
Total Topup Cost	R 0.00

Double Data Promotion is in effect. This promotion runs from **2017-06-14** to **2017-06-27**
When the Topup is submitted double the data topup size requested will be allocated.

If the double data topup is active, the double topups will apply to all topups done by helpdesk or by the customer, either via the customer portal, via SMS or via the API.

How does the Double Data Topup work?

The customer or helpdesk should just topup the normal size, the system will automatically apply double the data while it is in active and in the correct date range.
