

Circuit / Caller ID on Data Accounts

HeroTill has added a few improvements to the Data Accounts menu.

A new column, Circuit ID (enabled under the Show/Hide Columns button) can now be displayed on the Data Accounts list view.

Connection Type	Username	Data Product	Customer	Counting Type	Monthly Cost	Topup Cost	Account Type	Labels	Radius Status	Circuit ID	Wisp Name	
Wireless	shosr	10Mb/s Uncapped 1 GB Monthly, 10 Mb/s Down, 10 Mb/s Up	BellaTrix Le Strange	Radius	R 799.00	R 30.00	Normal Account		Default Speed	75:82:93:a5:a2:86	DataTill Test Existing System	  

The Circuit ID for Telkom radius accounts will be auto-collected from the active radius session. For other radius accounts (wireless Services) the Caller ID or MAC address is collected and stored in this field.

The Caller ID / Circuit ID shows on the customer's:

- data account widget,
- the active session widget and
- the recently closed session widget

The Circuit ID or Caller ID will now display on the Active and Recently Closed Sessions widget for the customer:

The screenshot displays two sections: 'Active Data Sessions' and 'Previous Data Sessions'. In the 'Active Data Sessions' section, a session for user 'shosr' is shown with IP '239.165.37.160' and duration '00:00:08'. The 'Caller ID' is 'cd:1e:c6:ce:48:36', which is highlighted with a pink box. The 'Previous Data Sessions' section shows a session from '2018-11-08 10:03:58' with IP '63.125.184.128' and 'Caller ID 75:82:93:a5:a2:86', also highlighted with a pink box. Both sections include 'View All' and refresh buttons.

The Circuit ID or Caller ID will also display on the Data Accounts widget per customer:

The screenshot shows the 'Data Accounts' widget for user 'shosr'. The title bar reads 'Data account shosr soft capped, reduced'. The widget includes buttons for 'Switch to Prepaid', '+ Add', and a refresh icon. The user's status is 'Wireless' and 'Soft Capped, Speed Reduced'. The package is '10Mb/s Uncapped • R 799.00' with a note '(1 GB Monthly 10 Mb/s Down 10 Mb/s Up 1 GB Monthly)'. The 'Caller ID 75:82:93:a5:a2:86' is highlighted with a pink box. Other details include 'Address: 11 Orange Street, Cape Town City Centre; Cape Town; 8000; South Africa' and 'GPS: -33.9279063, 18.413967800000023'. On the right, there are icons for settings, delete, and share, along with usage information: '1.5 GB of 1 GB', '147.5 %', and '4 changes'.
