	Default List Size	10	My Account	
	Enable Helpdesk Ticket Hover	Default number of rows to display on list screens OFF Turn this switch off to disable the helpdesk menu auto dropdown on hover.	Sign Out	
	Force Open all Hyperlinks in the current Window	Disabling this setting will require you to click on a helpdesk ticket menu before the dropd OFF When enabled all the hyperlinks in DataTill will open in the current window		
		Care must be taken when opening links on a page that is busy processing data, as the overwritten	e current session will be	
	Table Static Search			
	Mentionable	Turn this switch off to disable static table searching ON This will allow your user to be mentioned, yo		
	Enable Helpdesk Customer Reply Signature	OFF		
	User Theme	When enabled, the Helpdes anature will be auto inserted into your Helpdesk Ticket no DataTill Default Dark	BETA	
		This will allow your user select a theme for your DataTill interface. The theme will only be	applied when you are logged in	

Once enabled, this dark theme will appear on all HeroTill menus, apart from the Customer portal.

In addition to this functionality, users will now be able to switch between themes on the fly.

On the task bar, there is a new icon which allows the user to switch themes, while on any page within HeroTill.

Users can also easily switch themes from the Setup menu as well.
