5. Clicking on the GPS coordinates in the GPS Position field, will show you the location on Google maps itself.

Note:

The GPS Position field is pulled from the GPS position from the physical address saved on the customer's profile in the customers list view, as shown below:

The screenshot shows the 'Edit Customer #189' interface. The 'Address Detail' tab is selected and highlighted with a red box. Below the tabs, there is a section for 'Physical Address or GPS Position' with a 'Show on Map' button. A map view is displayed below, showing a red location pin on a street map. At the bottom of the map view, the 'GPS Position' field is highlighted with a red box, containing the coordinates '41.239888,-72.9806203'.
