

You now have the option to enable Zapper as Payment Gateway within HeroTill.

To enable using Zapper as a payment gateway:

Navigate to Setup > System Settings > Payment Gateways. Users will need to enable these options using the toggle buttons and by entering the required setup information.

The screenshot shows the 'Zapper Gateway Settings' form. At the top right, there is a toggle switch labeled 'Zapper Gateway Active' which is currently set to 'ON'. Below this, the form contains several input fields:

- Zapper Merchant ID**: A text input field.
- Zapper Site ID**: A text input field.
- Zapper POS Key**: A text input field with a note below it: 'If not provided, enter the provided Zapper POS ID.'
- Zapper POS ID**: A text input field with a note below it: 'If not provided, enter the provided Zapper POS Key.'
- Zapper POS Secret**: A text input field.
- Zapper POS Signature**: A text input field.
- Zapper POS Type**: A dropdown menu with 'DataTill' selected.
- Zapper POS Version**: A text input field with '1.4.00' entered.
- Zapper Webhook URL**: A text input field with 'https://test.herokuapp.com/payment/ipn/zapper/' entered. A note below it states: 'Ensure that the Zapper Webhook notification response is set to a string response (default), this can be confirmed with Zapper.'

Once these settings are enabled and setup correctly, users/customers can make payment for vouchers using these Payment Gateways.

Customers who make payment via the Customer Portal can now also make use of these Payment Gateways. When logged into the Customer Portal > under the Billing tab a list of invoices will display. Any overdue Invoices will have the blue Pay Now button.

Due Date	Status	Amount	
2018-10-01	Unpaid	R 1,598.00	View
2018-09-01	Unpaid	R 1,598.00	View
2018-08-01	Unpaid	R 799.00	View
2018-07-01	Unpaid	R 799.00	View
2018-06-01	Paid	R 799.00	View
2018-05-05	Paid	R 868.00	View
2018-05-05	Overdue	R 1,399.00	Pay Now View

When clicking on the blue Pay Now button customers will be redirected to the Payment Gateway URL where Zapper is listed as a payment option.

⌛ Waiting for payment confirmation from Zapper.

Cancel

After a successful payment, the invoice will get marked as paid on HeroTill.

Please note that these payment gateways have also been added as walled garden entries. It is each ISP's responsibility to ensure that these walled garden entries get pushed to the hotspot routers.
